## TRINAR® 70% Fluoropolymer

This tough, flexible, strongly-bonded finish provides the following benefits:

- Excellent UV resistance • Excellent heat resistance • Excellent chemical resistance
- Unparalleled gloss and color retention • Uses only the highest quality ceramic and inorganic pigments for the finest metal finish available
- Resists chalking, fading, chipping and cracking • Resists staining due to airborne pollutants

\* TRINAR® CC colors, formulated in TRINAR's® COOL CHEMISTRY® Series, contain ceramic infrared reflective pigments which are designed to reflect infrared energy and comply with Energy Star guidelines.

## THREE GENERATIONS OF EXPERIENCE

We started after World War II, building homes in Scarsdale, NY. We grew into a renowned firm providing a broad spectrum of construction and project management services. And we are proud to now present ARSPAN Steel Buildings.

Three generations of knowledge and experience now brings you pre-engineered steel buildings, delivered directly to your site.

## ARSPAN STEEL BUILDINGS

### CHOICE OF BUILDING ADD-ONS

Strong steel is just a start. To complete your perfect building, you may choose from many available building envelope products. ARSPAN Steel works with top suppliers, so the choice is yours! There are many styles of doors and windows. Insulation or insulated panels with various ratings to serve your intended purpose. You can add skylights, stairwells, and mezzanines... all at your option! Or, just choose to have ARSPAN's durable, cost-effective steel delivered direct to you. Call today for a free quote!
