

NYSDEC FRESHWATER WETLAND BOUNDARY VALIDATION

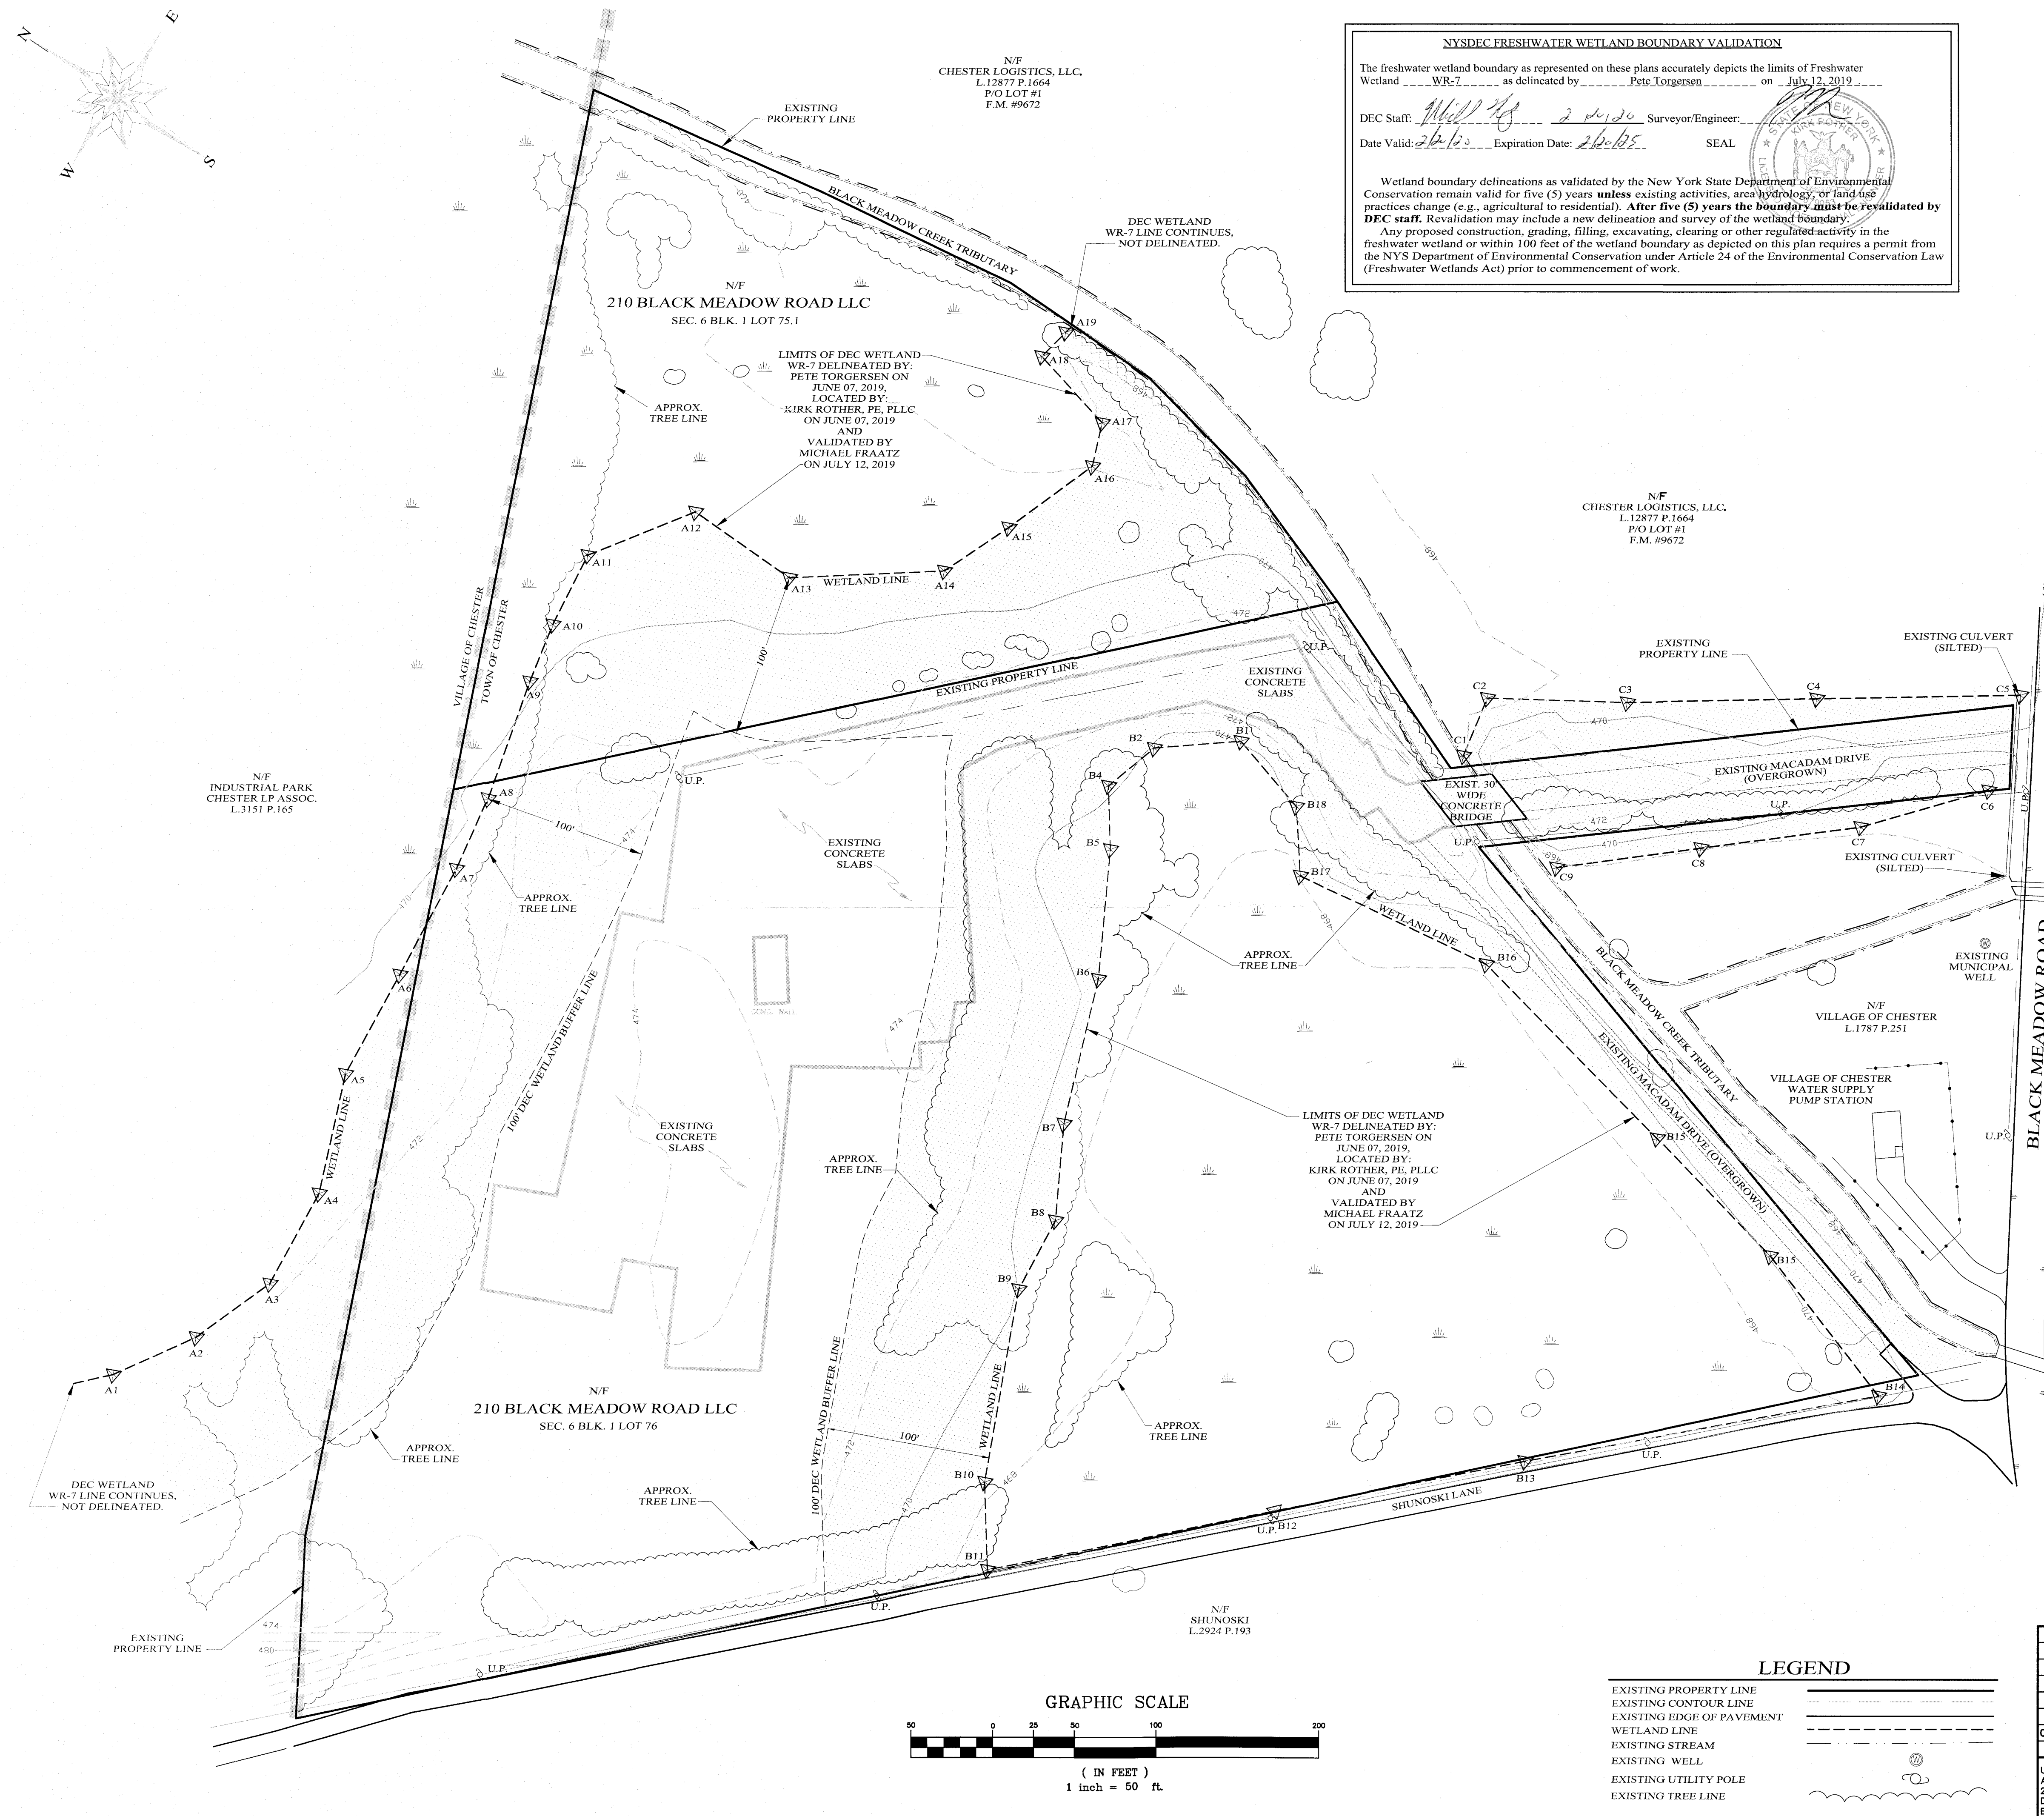

The freshwater wetland boundary as represented on these plans accurately depicts the limits of Freshwater Wetland WR-7 as delineated by Pete Torgersen on July 12, 2019.

DEC Staff: *[Signature]* Surveyor/Engineer: *[Signature]*
Date Valid: *2/12/20* Expiration Date: *2/12/25* SEAL

Wetland boundary delineations as validated by the New York State Department of Environmental Conservation remain valid for five (5) years unless existing activities, area hydrology, or land use practices change (e.g., agricultural to residential). After five (5) years the boundary must be revalidated by DEC staff. Revalidation may include a new delineation and survey of the wetland boundary. Any proposed construction, grading, filling, excavating, clearing or other regulated activity in the freshwater wetland or within 100 feet of the wetland boundary as depicted on this plan requires a permit from the NYS Department of Environmental Conservation under Article 24 of the Environmental Conservation Law (Freshwater Wetlands Act) prior to commencement of work.
