Re:

Nelson Subdivision McBride Road Town of Chester, Orange County, New York Our File #CH-247

Dear Chairman Serotta,

We have reviewed the recent information received and offer the following based upon a sketch plan review only:

- 1. Provide a short form EAF with DEC mapper.
- This project would be considered an unlisted action under SEQRA and does not require a coordinated review. 2.
- 3. Show sight distances for the new driveway entrance.
- Show well and septic for the existing lot. The new lot will need a new SDS design and soils test witnessing by Town Engineer.
- 5. Show the total area of disturbance on the plans.
- 6. Proposed lot 2 is largely in the AR-3 zoning district but the AR-1 Zone is used for calculating minimum required bulk table requirements. Please comment. It may need a variance.

Action: Sketch plan only. No action at this time.

Please advise if you have any questions.

Very truly yours

Alfred A. Fusco, Jr., P.E.
