Re:

Public Hearing for ARX Wireless LLC Section 8, Block 1, Lot 21 Our File # CH-238

Dear Chairman Serotta,

We have reviewed the material recently submitted and offer the following comments:

- 1. OPRHP has visual issues due to the proximity to the park. A balloon test and visual assessment has been submitted to the board. This should be sent to OPRHP. Board to review the acceptability of the visual issues.
- 2. We reviewed the geotechnical work and foundation which are acceptable.
- 3. We reviewed the diesel generator, and my only question I have is in reference to the diesel storage.
- 4. We have discussions with company representatives for the project regarding the possible decommissioning bond. I would believe this should be in the contract with the Town and not be a Planning Board issue.
- 5. I do believe an escrow for construction supervision should also be in the contract with the Town.
- 6. An endangered species report is required.
- 7. Board comments.

Action: Begin SEQRA

Please advise if you have any questions.

Very truly yours,

Alfred A. Fusco, Jr., P.E.
