Subject: Addendum to Petition – Lake Hill Farms – Creation of a Washington Road
Conservation Buffer

Dear Chairman Serotta,

Attached please find an addendum to the original packet of petitions presented to the Town of Chester Town members during the September 14, 2016 Town of Chester Board meeting.

The signatures on the petition have been presented to the Town of Chester Board Members, as the Public Hearing phase of the Chester Planning Board is closing September 16, 2016. As every signature on the petition counts this additional page is being sent you to in support of our concerns and request for a conservation buffer.

I would welcome the opportunity to meet with any of the members of the Chester Planning Board to illustrate our objections first hand.

Most Sincerely,

Suzanne Bellanich

PETITION

Lake Hill Farms - Creation of Washington Road Conservation Buffer

The following residents of Lake Hill Farms request that a conservation buffer strip be created on the north border of the Lake Hill Farms development north of parcel lots 23-3-31, 23-3-32, 28-5-6, including the end span of Washington Road if the petition is granted to approve the OMAC Realty 3-lot subdivision of property listed on the Tax Map of the Town of Chester as Section 15, Block 1, Lot 27.4.

This conservation buffer strip would remain in existence in perpetuity in a natural vegetative state, to not be built upon at any future date. The conservation buffer would allow residents of Lake Hill Farms to preserve our quality of life, preserve the character of our neighborhood and uphold the health and safety of our children and residents without the threat of any future roadway connection to Washington Road in Lake Hill Farms.
