Dear Chairman Serotta,

We have reviewed the latest plan submitted for the above offer the following:

Project:

Guarneri 2 Lot Subdivision

Zone:

AR-.3 District

Acres:

7 acres

SBL:

18-1-25

Material Reviewed:

Revised Plan Dated 8/24/15

Our File No:

CH-073

We have reviewed the submission prepared by MJS Engineering and offer the following comments:

- 1. A detail of the pavement repair should be provided on the plan.
- 2. The location of the grass lined swales provided in the details should be provided on the site plan.
- 3. Show location of 30 foot wide easement.
- 4. The option for widening one foot on each side of the road is not acceptable. Provide option for a two foot widening on one side with an alternative for a one foot widening on the opposite side of the road for a total of three feet.
- Board comment.

Please advise if you have any questions.

Very truly yours,
