RE: Sanitary Sewer Failure

Gentlemen,

On 3/8/19, we inspected your septic system after complaints from neighbors. We found the system leaching and impacting the health, safety and welfare in the area.

Article V "Private Sewage Disposal and Sewage Systems" in the Town of Chester Code C77-16 requires the maintenance of the system by owners.

You currently are in violation of the Town Code. You are required to correct and have a plan prepared for review and also the correction certified by a professional engineer licensed in the State of New York.

Failure to act timely will require further action including notification of the Orange County Department of Health.

Please response immediately to this violation.

Very truly yours,

Alfred A. Fusco, Jr., P.E.
