Re: Proposed Site Plan Amendment

Dear Chairman Serotta:

I represent E. Tetz & Sons, Inc. regarding its existing mining operation located in the Industrial District in the Town of Chester. Enclosed is a map showing the existing and proposed location of the trailer used as part of the Tetz's mining operation. The trailer has been on the site for decades. Its existing location at the intersection of the site entrance road and Tetz Road now interferes with traffic from the recently completed Coach USA bus facility. Tetz is requesting site plan approval to relocate the trailer to the other end of the entrance road as shown on the enclosed site map.

If you should have any questions or need additional information, please contact my office or Gary Tetz.

Very Truly Yours,

Rosemary Stack
