Type of Action: Unlisted

Project Description, Background and Reasons Supporting the Negative Declaration An application has been made to the Town of Chester Planning Board for approval of a 3-lot subdivision on a 4.8 acre parcel located in the SR-2 Zoning District for the purpose of constructing three (3) single family dwellings.

The Lead Agency has carefully considered all issues of potential environmental concern and concludes that the project, as proposed, will not have a significant effect on the environment for the following reasons:

- There will be no substantial adverse change in existing traffic, noise or odor levels.
- There will be no substantial increase in erosion, flooding or drainage problems.

- There will be no removal or destruction of large quantities of vegetation or fauna, no impact on a significant habitat area, nor any other significant adverse effect to natural resources.
- There will be no substantial adverse change in existing air quality.
- No hazard to human health is created.
- There will be no adverse impact on surrounding property values.
- The cumulative effect of all of the impacts on the environment do not result in a substantial adverse impact on the environment.
