Dear Chairman Serotta,

I have reviewed the FEAF Part 2&3 as requested for the above referenced project. The applicant listed small to moderate impact on Land, visual (aesthetics), agriculture, archeological, and endangered species which I believe is accurate.

It's up to the board to consider if these actions combined show an impact on the environment. The public hearing should assist you in your decision.

Please advise if you have any questions.

Very truly yours,

Alfred A. Fusco, Jr., P.E.
