Re: Greycourt Road Solar Project.

Dear Chairman Serotta,

It is our understanding that the Town of Chester is currently reviewing a project "Greycourt Road Solar" located at 190 Greycourt Road. This property is the location of the Village of Chester water main which supplies the Village with its water supply. We have reviewed the plans and would like to offer the following comments/request:

- 1) The watermain easement be fully depicted as described in the attached deed documents.
- 2) The easement is not encroached or built on.
- 3) That a surveyor layout the easement with flags so that the Village of Chester Water Department can review and confirm its location.

Thank you for your consideration in this matter.

Sincerely,

Christopher Battiato
Mayor Village of Chester
